Dear SCA families,

As we are about to embark on our two weeks of distance education, I wanted to provide you with some resources to help you as families navigate through this time with your children. Here are a few handy resources that I have compiled for you :

- <u>Daily schedule examples</u> To help your child maintain a school like workday. <u>Here</u> is another Fantastic schedule example for younger children, with some extra ideas to keep students occupied with constructive activities
- <u>Common Sense Media's Resources</u> for Families during the Corona Virus Epidemic A handy list of resources to help you guide and entertain your families whilst they are at home with you
- <u>Here</u> is a sample Family Media Agreement With students having extra time at home, it is more important than ever for families to have in place boundaries for the use of technology. As a school, we encourage our students to be using their devices in a family space and suggest that students have a curfew on the use of devices in the evening.
- A <u>Parent's Guide to Google Classroom</u> A great walkthrough for parents to highlight the available features of Google classroom

Please reach out to myself or teachers if you need assistance navigating the technology assocaited with compelting their assigned school work.

We continue to pray for **peace and health** on you and your families as we get through this together. We encourage our students to continue being a presence of **peace and life** in our world during this tumultuous time in our world.

"Peace I leave with you; my peace I give you. I do not give to you as the world gives. Do not let your hearts be troubled and do not be afraid." (John 14:27)

"Dear friend, I pray that you may enjoy good health and that all may go well with you, even as your soul is getting along well." (3 John 2)

Blessings,

Wesley Meyer
